ABOUT THE EVENT

"Inquilab Zindabad!" a slogan that once echoed through the streets of India, igniting a revolution of thought, courage, and change. Inspired by the fearless spirit of Shaheed Bhagat Singh, Inquilab Yuva Sansad is not just an event it is a movement to awaken the voices of today's youth.

Rooted in the ideals of justice, equality, and fearless expression, this platform draws its inspiration from Bhagat Singh's vision of an aware and empowered generation. He believed that "Revolution is an inalienable right of mankind," and through this Yuva Sansad, we aim to carry forward that legacy not with weapons, but with words, ideas, and impactful dialogue.

Inquilab Yuva Sansad provides a dynamic space where young minds come together to debate, deliberate, and drive solutions on pressing national and global issues. It is a simulation of democracy, where every participant becomes a voice of change, shaping perspectives and building leadership.

As **Prime Minister Narendra Modi** once said in Mann Ki Baat,

"We need more youth, especially those without a political background, to join politics."

The future of our democracy depends on young minds stepping forward, bringing fresh ideas, new energy, and a commitment to public service.

Echoing the strength of Subhas Chandra Bose's call, "Give me blood, and I shall give you freedom," we reinterpret this spirit in today's world asking the youth to give their passion, intellect, and dedication to build a stronger, more inclusive India.

Inquilab Yuva Sansad stands as a tribute to the past and a step toward the future where ideas spark revolutions, and every voice matters.

Because revolutions today are not fought on battlefields, but in minds, discussions, and decisions.

“WHY INQUILAB YUVA SANSAAD ?”

Because change doesn't begin in silence it begins with voices that dare to question. **Inquilab Yuva Sansad** is inspired by the fearless ideology of Bhagat Singh, who believed that true revolution starts with awareness and thought. This platform is built for those who refuse to stay on the sidelines and instead choose to engage, debate, and lead.

In a world where youth often feel unheard, this Sansad gives you a seat at the table of ideas. It transforms political discussions from something distant into something you actively participate in.

This is not just a simulation it is a training ground for future leaders, where passion meets purpose and opinions meet responsibility.

Why Should You Participate?

- **Because Your Voice Matters** You don't need a political background to have an opinion. Here, your ideas hold power, and your voice drives the discussion.
- **Because Leadership Starts Here** Leadership isn't inherited it is built. This platform helps you develop the confidence and clarity needed to lead in real life.
- **Because You Learn Beyond Books** Step out of theory and into real-world issues. Understand governance, policies, and decision-making in a practical, engaging way.
- **Because It Challenges You** Face debates, defend your stance, think on your feet, and grow stronger with every argument you make.
- **Because You Meet People Who Think Like You** Surround yourself with driven, aware, and passionate youth who want to create impact—not just talk about it.
- **Because It Prepares You for the Real World** Whether you enter politics, law, business, or social work this experience gives you an edge in communication, strategy, and confidence.

VISION

To envision a vibrant, inclusive, and forward-looking democracy where youth from every walk of life irrespective of political lineage actively shape the nation's future. We aspire to build a political culture that values merit over legacy, ideas over influence, and service over power.

Inspired by the spirit of **Bhagat Singh**, who believed "Revolution is an inalienable right of mankind," we see a future where young minds challenge the status quo and bring transformative change through courage and conviction.

We also draw inspiration from **Subhas Chandra Bose**, whose call "Give me blood, and I will give you freedom" symbolized sacrifice and fearless leadership values we wish to instill in every young participant stepping into public life.

We see a nation where leadership is not inherited but earned, where democracy thrives on fresh perspectives, and where every young individual feels empowered to contribute to governance and nation-building.

MISSION

Our mission is to empower and mobilize non-political youth to actively engage in governance and public leadership by fostering awareness, building capacity, and creating meaningful opportunities.

Guided by the vision of Dr. B. R. Ambedkar, who urged citizens to "**Educate, Agitate, Organize,**" we strive to create politically aware and socially responsible youth leaders.

We aim to:

- **To empower underprivileged children by providing free opportunities for learning, leadership, and personal growth.**
- Cultivate Political Awareness: Break the myth that politics belongs only to a few, inspired by Jawaharlal Nehru who emphasized the importance of informed citizenship.
- Encourage Grassroots Participation: Following the ideals of Lal Bahadur Shastri and his call of "*Jai Jawan, Jai Kisan,*" we promote connection with real issues of the nation.
- Develop Ethical Leadership: Instill integrity and courage, inspired by Rani Lakshmi Bai, who stood fearless against injustice.
- Promote Inclusive Representation: Reflecting the inclusive vision of Sarojini Naidu, ensuring equal voice across gender and communities.
- Inspire Action Over Criticism: Encourage youth to step forward and act, carrying forward the spirit of change envisioned by our freedom fighters.
- Create Pathways into Public Life: Build bridges for passionate youth to enter governance, making democracy participatory and accessible.
